Can you believe it is coming up on Fall and the leaves will be changing soon? I sure can't. We have made our plans for September and October and wanted to let you know so you could save the dates. September 18, 2010 will be Apple Harvest and all our special treats will have apples. It will be from 11 - 2 and we are already getting the menu planned.

October 16, 2010 will be a Ladies Murder Mystery starting at 11:00 and going until the mystery is solved. You may play a part and you really don't need to know how to act just how to read. If you are shy you can be an investigator. Every time we have had one of these events everyone has had a great time and have loved solving the mystery. Call us to make your reservations.
